

Facade: Book 3 (The Destined Series)

This book can be read as a STAND ALONE I would suggest reading the prior 2 novels and novella BUT Facade follows the story of a secondary character in the previous books. Kylee Anderson has all the qualities any man would want; sexy, fun, witty, intelligent and most importantly, she never wants a commitment. She's gone the last four years getting exactly what she wants out of life: She's continued a friendship with her oldest friend in the world, built a new bond with Skylar and Danny, and had the full college experience.

After graduation, Kylee starts looking for a job where she meets Jacoby Roberts, CEO of the largest real estate development company in Ann Arbor. Just when she thought she was falling for Jacoby and his charm, she was hit with the reality of why it could never be. Not just with him, but with anyone. Determined to continue down the path of sex without titles, Jacoby will try to break through her shell and win her heart. There's only one problem; Kylee isn't that easy to win over. She's witnessed what happens when you let love interfere with sex, and she's vowed to never be in that position. Will Jacoby be able to secure a place in her heart? Will Kylee allow herself to feel the things she's fighting, or will she keep living behind a facade?

Mature Audience Only **Strong Sexual Content**
