

Kenya 1:920,000 Travel Map- 2014 (International Travel Maps)

This map includes the Kilimanjaro and Arusha National Parks in Tanzania, because they are reasonably close to the border and accessible from Nairobi, but the true focus of the map is on the country of Kenya itself, not just the best-known parks. Lamu, on the northeastern coast, is now a UNESCO World Heritage site. Mount Kenya can be accessed from either Nyeri on the west or Meru on the east. Maasai country west of Nairobi is particularly exciting to see. This double sided road and travel map includes an inset of central Nairobi and an extensive place name index. Shows places of interest, nature parks and wildlife reserves, gas stations, lodges, beaches, caves and much more.
