

## Moon Trips of a Lifetime (Moon Handbooks)

Moon Trips of a Lifetime is a sampler of four dream vacation destinations. Excerpted from Moons Handbooks series, this inspirational ebook offers information on vacation spots that include Angkor Wat, Cusco and Machu Picchu, the Galapagos Islands, and the Taj Mahal. Rather than providing in-depth coverage on just one location, this is a fun-to-browse guide that offers a brief overview of each destination along with essential trip planning strategies and ideas for itineraries. With tips for planning the perfect trip of a lifetime and a foreword by the editor in chief of AFAR magazine, Moon Trips of a Lifetime gives travelers the tools they need to create a more personal and memorable experience.
