

Happily Ever After: A Novel

In this witty, sexy tale, an erotic novelist meets the fictional hero of her most recent book in real life, and must decide whether she wants to get him back between the pages--or between her sheets. At forty-six, Sadie Fullers life isnt exactly romantic. A divorced, overweight, somewhat sexually frustrated mother of an eleven-year-old, she lives in the suburbs, shops the big box stores, makes small talk with her small-minded neighbors, and generally leads a quiet life. But while her daughter is at school, or when Sadie is up late at night, she writes erotic fiction under the name KT Briggs. Then, during a routine shopping trip, Sadie runs into someone familiar...too familiar, in fact. She encounters an incredibly handsome man exactly like the one in her imagination--and her latest novel. Is Aidan Hathaway really one of her characters? And if so, what is he doing in Target? As Sadie tries to negotiate this strange new world, her eyes begin to open to romantic possibilities in places she never dreamed of looking...places where Happily Ever After might not be so far-fetched after all.
