

Four tales of four sensual tales of seduction, desire, serendipity... and pleasure A real steamy read for those of you who like your sex hot and heavy!--Mistress Iveys Erotic eBook Reviews As Kens young lover Allison is leaving for college, she asks him to write her. But not just to send her letters full of his love and desire; no, Allison wants her more experienced lover to share the stories of his own sexual experiences. "You've done so much. I want to know... everything," she tells him. How can Ken not comply? From K. D. West, here are Kens love letters to Allison, his Juliet — sensual tales of seduction, desire, serendipity, ... and pleasure: Dana: Thing of Beauty — A thing of beauty is a joy forever. And a beautiful teacher can be the pleasure of a lifetime. A tale of sexual initiation. Bridget: Virgin Knot — For Ken, virginity was something to get rid of. For Bridget, its something shes supposed to hold on to. He wants her. She wants him. What could go wrong? A tale of desire, confusion, and sexual initiation — though not necessarily in that order. Rachel: The Big Easy — In a beautiful city, take one part heartsick man, add one part gorgeous young woman and seven parts cayenne-hot sex. Mix together and youve got the gumbo that is... The Big Easy. A tale of sexual serendipity. Veronica: Arise, Fair Sun — A Romeo and his Juliet find that sometimes a nice summer affair is just what the doctor ordered. A tale of sexual tension wonderfully resolved. Sneak preview: Juliet Takes Stage — A peek at K.D. Wests novel of sexual initiation and sexual healing.Extract:A few hours later, I heard my roommates (and at least one of their girlfriends) leave for work — they'd both graduated the year before, and had the kinds of corporate jobs that measured their time at work by the minute. I lay there, taking in the morning sunlight glowing in Veronica's hair, the warm roundness of her, the sticky heat of her bottom against my stomach. The sun hadn't quite topped the sill of my window, but I already felt sunblind. The image of her that morning has stayed with me all of these years. I stayed there like that for perhaps a half an hour, and I don't think I'd ever been a whole lot happier, or a whole lot more whole. Finally, as the daylight finally began to creep across the futon, I whispered into her ear, "Arise, fair sun." Veronica began to stretch and grumble. With a start she sat up and looked around. "What time is it?" "Almost 8:00." "S___. I should head up to the job site soon," she pouted.I gazed at her, her right cheek blotchy where it had rested on my arm as she slept, her breasts marked with the wrinkles of my sheets. Her fine hair, which had been up in the oh-so-elegant chignon the night before was tangled in a well-fucked rat's-nest. She was gorgeous — a debauched vision. "I've dreamed of waking up like this with you ever since that party at your place." I ran my thumb over her cheek. "Please. I'd like to make love with you one more time." Her eyes got large and still. Then she gave a shy smile, leaned down, and kissed me. "F___ 'em," she murmured into my lips. "They can start without me."
