

The Ring and the Book - The Original Classic Edition

The Ring and The Book is a long dramatic narrative poem, and more specifically it is a verse novel, of 21,000 lines written by Robert Browning. It was published in four instalments from 1868 to 1869 in the English language. The book tells the story of a murder trial in Rome in 1698, whereby an impoverished nobleman, Count Guido Franceschini, is found guilty of the murders of his young wife Pompilia Comparini and her parents, having suspected his wife was having an affair with a young cleric, Giuseppe Caponsacchi. Having been found guilty despite his protests and sentenced to death, Franceschini then appeals - unsuccessfully - to Pope Innocent XII to overturn the conviction. The poem comprises twelve books, nine of which are dramatic monologues spoken by a different narrator involved in the case. The characters are usually giving a different account of the same events, the first and last account is spoken by the author. Robert Browning lived from 7 May 1812 up until 12 December 1889; he was an English poet and playwright whose mastery of dramatic verse, especially dramatic monologues, made him one of the foremost Victorian poets. Robert was married to Elizabeth Barrett Browning, who was known for her book, *Sonnets from the Portuguese*. Together they had a son and lived in Italy as highly sort out poets of the Victorian era.
